Re: 1959 Thunderbird Pre-purchase inspection

Dear Jason:

Just a note to thank you for the expeditious and thorough inspection on my pre-purchase of the captioned 1959 Ford Thunderbird. Your report was very professional, comprehensive and timely. It certainly was valuable in my evaluation of the vehicle.

I will keep you in mind for my next purchase.

Very truly yours,

Eugene J. Fierro

JASON, i just wanted to drop you a line and thank you for the detailed report on the 69 camaro big block convertible. i feel your service was very thorough and accurate. well worth the money to save me time and expense and quite possibly a \$30,000. + mistake. on past occasions i have used other companies and have found your company to be above the rest when it comes to communication and expertise. i found you because another company didn't have representation in the location but i have clicked your company on my favorites list for future inspections. thanks for the time you spent and thorough explanations given. who could not like a red/white big block convertible? you pointed out enough to make the decision an easy one. so the hunt continues.

Dear Jason,

I can't tell you how thrilled I was to receive the beautiful Rolls Royce that you found and recommended to me after you orchestrated a very thorough inspection. I'm now proud to say that it is mine.

Your assiduous attention to detail from the beginning to the end of the transaction saved me time, money, and gave me peace of mind. It was a pleasant shopping experience and you are an AWESOME negotiator -- without peer!! I recommend you most highly. Thank you, thank you!!! I am in your debt.

You well earned your fee and it is so reasonable considering the thousands of dollars you saved me in mistakes and improprieties. I would not have caught on my own. You acted as a fierce proponent protecting my interests.

Gratefully,

Maureen Kennedy Salaman

To Whom It May Concern:

I have worked with Jason Phillips on many occasions on a variety of matters. He is competent, hard working, and willing to go the extra mile.

Let me cite some examples. I had once arranged to buy a car subject to inspection. The car had been represented to me as being in mint condition and the pictures sent seemed to back it up. After traveling a long distance to a remote location in the dead of winter, he inspected the car. He was able to find rust that was carefully concealed. Without Jason's help I would have made a very bad deal.

On a second occasion I asked him to inspect a low mileage car. He thoroughly went over the car, told me what was wrong with it, and recommended that I buy it. After purchasing the car, he then arranged to have the car professionally repaired and detailed at very reasonable prices.

On a third occasion, he volunteered to sacrifice his vacation plans in order to be of service to me.

I can strongly recommend Jason Phillips to any employer or client. If you have any questions, feel free to contact me @ (805) 432-1148.

Dear Jason,

Please find the check for the extra \$15 that I owe you for appraising the 1954 Chevy Bel Air owned by Tom Brasscur.

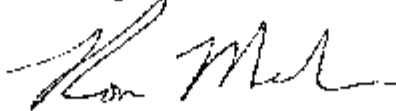

Although, I did not have the pleasure to meet you, I consider you a friend. The greatest item I could have heard from Tom (besides that I could buy the car from him) was that the first thing out of his mouth was explaining what a thorough and awesome inspector you were! In fact, he stated that: "When I buy my next car, I am calling Jason Phillips!"

Thank you for inspecting this car for me and my family on such short notice. You have made me feel more "protected" on my purchase. I will be buying the car from Tom; however, I cannot pick it up yet due to his driveway. In fact, the first 30 minutes were not used looking at the car. Tom kindly pulled my minivan out of his driveway. (Yes, we got stuck in his driveway! I know you warned me ... so did my wife.)

I look forward to reading your report. Any help that you can provide with hooking me up with a good insurance agent would be greatly appreciated.

Again, thank you for all your help.

Best regards,

Ron Malin
